AUSSIE WORLD

Your creativity should not be underestimated. Not only can it impact the enjoyment you find in every game, but it can also help you come up with unique plays to surprise opponents and gain the upper hand.

Wanderers is inviting you to get your creative juices flowing by designing a pair of football socks — this could feature your favourite colours, players, animals, or even lucky numbers. Let your imagination run wild!

For a chance to feature in the next edition of Wanderers Football, feel free to send your drawing (and a few words about what inspired your design) to alex@horseandwater.com.au.

But that's not all! The generous people over at Aussie World have once again offered a prize for the pair that best grabs our attention.

On 1 December, we'll pick an artist to win an Aussie World entry ticket for a family or group of five for unlimited rides, Illusionarium, and Mayhem Maze, worth $277.50.

For terms and conditions, please visit **wanderersfootball.com.au/submissions.**

Good luck!

My design is inspired by: _____

_____

WINNER!

Congratulations to 9-year-old Harper Surman for designing this epic football jersey, inspired by our region's natural beauty.

"My design represents the Sunshine Coast. The yellows are our sand, the greens are our palms down on the beach, and the purples are our beautiful winter sunsets."

Well done Harper, and thank you to all of those who contributed their awesome designs. We can't wait to see what you come up with in our next competition!
